

BOILERMAKER LODG 146

Casual Welding Examiner Position

POSITION SUMMARY:

The Boilermakers Local 146 Welding Centre is currently looking to employ Examiners on a casual basis during busy periods. The successful candidates will be offered work from 1-12 week periods at the Edmonton and Calgary Welding Centres.

The position will support, train and mentor beginners, apprentices and journeypeople within the Boilermakers Local 146. This lifelong learner will work cooperatively in a team environment and will be willing to contribute to the continual improvement of the Boilermakers organization. The Boilermakers apprenticeship and education departments subscribe to the continual promotion of safety and wellness to enable each member to build a lasting career.

KEY DUTIES AND RESPONSIBILITIES:

As a Welding Examiner you will perform a wide range of activities related to quality control management and instruction:

1. assist with welding examiner related duties
2. ability to evaluate weld tests
3. provide demonstrations and explanations for various types of welding processes
4. provide guidance and instruction to welders practicing and upgrading skills
5. Volunteer at Local 146 social events
6. In addition to the foregoing any other responsibilities deemed appropriate by the Director of Apprenticeship and Education and the Local Business Manager.

ROLE SPECIFICATIONS:

Minimum Qualifications:

- ✓ Must have a valid ABSA Welding Examiner Certificate of Competency or Welding Examiner in Training Certification.
- ✓ Alberta B-Pressure welder with advanced TIG experience

Ideal Candidate:

- ✓ Excellent verbal and written communication skills.
- ✓ Excellent time management and prioritization skills.
- ✓ Excellent interpersonal skills with the ability to relate well with others and create effective relationships with all organization levels
- ✓ Strong coaching, training and motivational skills
- ✓ Sound knowledge of the labour movement
- ✓ Must be able to exercise tact and judgment
