Welders, fitters and burners shall perform work within the trade claims of the International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forger and Helpers of the International Constitution, Article XI.

The Employer recognizes the need to assign the proper skill classification considering safety, government regulations and the quality of work and will follow this principle in scheduling the work crews.

The Union recognizes also that the fabrication, servicing and repair of heat exchangers and pressure vessels in a shop environment requires that the employees assist one another across classification lines in the daily scheduled work to provide flexibility and hence create the optimum productivity and minimize delays.

Section 2 **APPRENTICES**

- (a) Apprentices shall perform work as in Article XI of the International Constitution. An apprentice will be given ample opportunity to cover all sections of his trade. The ratio of apprentices shall be one (1) to three (3) Journeymen. The same ratio to apply when lay-offs occur. It is recognized that there may be situations in which the above ratio would be impractical. In order to obtain relief, the employer must consult with the Business Manager or Business Representative to reach a mutually acceptable solution.
- (b) The Employer agrees to pay indentured apprentices an amount which, when added to the weekly government grant, will amount to 90% of his base pay calculated at his straight time hourly rate multiplied by forty (40) hours, while attending technical school.

Apprentices to be paid one-third (1/3) of the amount owing on the first pay period upon returning to work after attending school. The second one-third (1/3) shall be paid on the second pay period and the final one-third (1/3) on the third pay period upon returning to work after attending school.

- (c) Fifty percent (50%) of the tuition verified by presentation of legitimate receipts for apprenticeship training shall be reimbursed by the Employer if the apprentice achieves a grade of eighty-five percent (85%) or more on his apprenticeship course.

Section 4 **STUDENTS**

Student labour classification shall apply between the period of May 1st and September 15th. No permanent employees shall be replaced by the employment of student labourers.

Section 5 **BEGINNERS**

Notwithstanding Article 4, Section 1, beginners classification shall apply to those employees that have no work experience in the industry and whose intent it is to enter into the apprenticeship program. Upon completion of six (6) months, the Employer will offer the individual an apprenticeship. The Employer has the right to hire such individuals as are available to him providing the Union has no unemployed first year apprentices with shop experience.

ARTICLE 15 WORKING CONDITIONS

Section 1 A change and lunch room shall be provided. Location of these facilities is at the discretion of management. The Employer is responsible for the destruction by fire on the Employer's premises of personal effects owned by the employee to a maximum of \$200.00. These facilities shall meet environmental standards.

Section 5 When practical, spray painting shall be conducted at the best place, time and location that causes the least hazard to the employees.

Section 6 The Employer where practical shall provide plug-ins for all regular employees. Where it is not practical to provide plug-ins, a boosting service will be made available.

Section 7 Employees shall be allowed a five (5) minute personal clean-up time prior to the end of their shift.

Section 8 The Employer shall provide rules and safety equipment information to all employees.

ARTICLE 16 WELDING TESTS

- Section 1 A welder who has served his apprenticeship with the Employer, upon taking his initial "B" Pressure Test shall receive six (6) hours regular pay for taking his test. If the employee works for the Employer less than thirty (30) calendar days after receiving six (6) hours regular pay for his initial "B" test, he shall have deducted from his final pay an amount equal to six (6) hours pay at his regular rate.
- Section 2 Any "B" Pressure Welder that is new to the Employer shall, upon successful completion of a qualification test, be paid for the test time to a maximum of four (4) hours pay at his regular rate after he has worked for two (2) weeks or completed the minimum requirement on his dispatch slip – whichever is the least.

ARTICLE 17 SENIORITY

- Section 1 The principle of seniority in a classification shall govern layoffs and recalls. Consideration shall be given to retain sufficient employees in each job classification to suit the nature of the work remaining. A new employee shall not be entitled to seniority until he has been employed continuously for a period of 60 calendar days, and then his seniority shall date back to the time of his hiring.
- Section 2 Employees laid off shall retain their seniority accumulated to time of layoffs, providing the layoff does not exceed one month for each year of employment after which the employee will lose all seniority rights. A laid-off employee must make arrangements with the employer to return to work within five (5) days after receiving a notice of recall, in order to preserve his seniority.
- Section 3 A separate seniority list shall be kept for each category as per the classification listings. In the case of layoffs, each classification list shall be considered a separate unit. The Employer will supply classification/seniority lists.
- Section 4 Lay-offs must comply with the Employment Standards Code.
- Section 5 An employee's seniority shall be maintained for a maximum of one (1) year for his absence as a result of sickness covered by a medical certificate, or an accident recognized by the Workers' Compensation Board.

ARTICLE 18 SHOP COMMITTEE

- Section 1 The importance of the Union maintaining at all times a shop committee, consisting of qualified employees of the Employer familiar with plant conditions, is recognized.
- Section 2 The selection of the shop committee is recognized as a function of the Union. The committee shall consist of not less than one (1) nor more than three (3) employees. The chairman of this committee shall be the shop steward. Owing to the nature of his work on this committee, it is deemed important that seniority does not affect his lay-off provided there is work available for which he is qualified. Otherwise, the Business Manager or Business Representative will be notified in time to appoint a successor. The shop steward shall be given a reasonable length of time to perform his duties.
- Section 3 At least one (1) member of the shop committee shall act on the safety committee. The shop steward will be on this committee.
- Section 4 Safety committee meetings shall be held at least once per month, or as required by the committee.

If the matter is not resolved in Step 4, the Union may advise in writing within thirty-three (33) working days from the incident giving rise to the complaint that it wishes to submit the matter to arbitration.

Section 2 **ARBITRATION**

The Union and the Employer will establish a list of four (4) acceptable arbitrators. Arbitrators will be chosen after ratification. The single arbitrator will be selected in rotation from the list. Any of the time limits contained herein are mandatory, however, they may be extended if mutually agreed to in writing. If no extension has been requested in writing by the Union and the time limits are exceeded, the grievance will be considered as being resolved in favour of the Employer. CONTRACT WELDERS

Reference: Article 4 – Union Security – Section 1

This addendum is to be read in conjunction with the above referenced Article and Section.

“After forty-eight (48) hours where the Union has not been able to secure the necessary number of “B” pressure welders (possessing the required qualifications) within the initial call, the Employer may hire short term contract welders to undertake the required work until such time that the Union dispatch can supply the required qualified manpower. At that time, the short term welder’s contract will be terminated. The Employer agrees that it will advise the Union at the time of the expiration of the forty-eight (48) hour limit as to the hiring of contact welders. As the contract welders will not be hired as A.E.L. employees, the Union waives the need for them to become members of the Union within fifteen days. This procedure is expected to be the exception rather than the rule, as it is anticipated that the Union will be able to supply the Employer’s manpower needs when requested to do so.”
