EFFECTIVE JUNE 1, 2019

Health and Welfare Fund

The BCA has been advised that the International Brotherhood of Boilermakers (IBB) will be increasing the National Health and Welfare Fund by **\$0.10/hour earned to \$3.35**.

Please find attached provincial Wage and Benefit Schedule(s) with a revision to the Health and Welfare Fund column.

Please note this change reduces the base hourly wage rates, with the exception of the Local 73 Wage and Benefit Schedules. Local 73 has redirected the \$0.10 from the Union Promotion Fund, thereby reducing the Union Promotion Fund to \$0.08. These changes are effective June 1, 2019.

We understand the tight timeline around this change and apologize for any inconvenience this may have caused.

The following Wage and Benefit Schedule(s) have been updated to reflect this change and are attached for your reference:

- Alberta (Local 146)
- Saskatchewan (Local 555)
- Manitoba (Local 555)
- Ontario (Local 128)

Thank You,

ANNE CHEE, CPM
